- Press **End Call** soft key to exit the conference  
(*this does not end the call for the other parties*)

## Setting a Speed Dial

- Hold down an available line button for 2 seconds
- Enter the **First Name** & Last Name for the speed dial
- Enter the number in the Contact field
- Press **Save**

# Polycom VVX411 Quick Reference Guide

**Star Codes** are predefined 2 digit numbers prefixed with a star \* and are an alternate method of performing commonly used features in Global PBX instead of using soft keys on the phone.

If you have available line buttons on your phone, Star codes can also be configured as speed dials. Some commonly user Star Codes are listed below.

Making Calls
